Hi Pam,

Here's the clean version of the revised FRN.

Rhonda Wright

Hi Scott,

Here is the revised FRN. I left the redlined strike version so you can see the edits that were made. Please let me know if you have any further edits. If none, I can clean it up and send to Pam.

Rhonda Wright
U.S. Environmental Protection Agency

I think the attached edits to the text Janet identified should do it. Doesn't seem like she wanted us to set out area-specific discussions here, but to just note that for some areas we used different periods. See what you think.

Mike Thrift
United States Environmental Protection Agency
Office of General Counsel
Air and Radiation Law Office (2344-A)
1200 Pennsylvania Ave., N.W.
Washington D.C. 20460

Hi Mike,

I made a few edits on some of the comments, but, I really need your help with language on the remaining comments.

Publically Available

I attached MO's TSD to help refresh your memory. The Jefferson County discussion begins on pg 20 of the attached draft TSD.

Rhonda,

Attached are Janet's comments. The ones that will require the most significant work to resolve, in my view, are the related comments #3 and #6 (see pasted text below).

My advice is to work closely with Mike Thrift on how to convey what Janet is suggesting in a manner that exposes the least legal vulnerability. And as usual time is of the essence.

Here are a few comments/questions on the FRN. Sorry again for the delay. There was a perfect storm of Emily being out and my laptop being on the fritz all last week—really messed me up.

Let me know if there's anything we need to talk about.

It's clear these won't be signed this week, hopefully next.
